You're Invited!

Search Party is upon us, it's a night full of good food, lots of fun,
and fundraising for a good cause.

Stay tuned for updates on what's to come, but first, take a glimpse at one of our exciting new
auction items - ever taken a stroll in one of these?

A night on the town in one of these is just one of the many items that will be available at this year's biggest fundraiser.

Search Party is TEXSAR's largest fundraiser of the year and is a huge part of what enables TEXSAR to keep serving the great State of Texas.

[Registration is Available Here](#)

Can't make it? There other ways to help - we are looking for Auction Items. Just like the one you see above. We are in need of unique experiences, vacation packages, nice jewelry, guns, etc. that we can use in our online, silent, or live auction.

Lost Person
Behavior Training
Led by: Robert Koester

August 11-12, 2018
Austin, Texas

TEXSAR

Presents

Equip your team with tools to find missing persons quickly and efficiently.

Save time, money, and resources!

Register Today
Limited Seats Available

www.texasar.org/lostpersonbehavior

41 Search Categories

Detailed behavioral profiles that give insight into what drives the basic behaviors of lost people.

Statistical Information

Find location, scenario analysis, mobility time, survivability, elevation changes, track offset, dispersion angles, plus classic statistics such as distance from the initial planning point.

Probable Area

The ability to pinpoint the most likely areas to search, then determine initial tasks quickly using reflex tasking, the bike wheel model, and quick consensus.

Expert Case Studies

The course will review real life situations to determine best practices for unique situations.

Robert J. Koester is a Lost Person Behavior expert. He has worked for the U.S. Coast Guard, National Aeronautics and Space Administration, National Park Service, and F.E.M.A.

Lost Person Behavior - Seats Still Available!

It's not too late, we have seats still available for the upcoming Lost Person Behavior Training. TEXSAR is hosting the upcoming Lost Person Behavior Training led by THE Robert Koester (arguably the Father of Lost Person Behavior Science.)

The training will be held Saturday, August 11th to Sunday, August 12th, 2018. The two-day training will be an in-depth course, running from 8:00 am to 5:00 pm each day.

The cost of registration is \$425 and is open to anyone who has an interest in lost person behavior science. Lunch and snacks will be provided but lodging, morning and evening meals are on your own.

Please share this link with anyone you feel would benefit from this valuable training. Rarely offered, we encourage anyone who works with lost persons to attend. We appreciate it and hope to see you there!

TEXSAR recently had the honor to work alongside some Austin area first responders in a really exciting project. We can't say anymore about it, but if you aren't following us on social media, you should be - you won't want to miss out on this. Stay tuned!
